Dear Professor J. Rims,

This letter is to remind you that a paper of S. Todai entitled

“On a new view point of mathematics”

was sent to you for refereeing on April 1, 1997.

I would like to ask you about the situation and would highly appreciate if you would reply to my request at your earliest convenience.

Enclosed herewith is a copy of S. Todai's paper and my last letter.

With best regards to you I remain.

Sincerely yours,

Taro Sūri
